WORLDWIDE MARKETING REACH

Heritage Nature & Science auctions are events watched by the world. Previous auctions have generated national and international press coverage on most every major TV, radio, newspaper and Internet news outlet. Every year, we spend millions of dollars marketing our consignor items to a worldwide audience.

Marketing campaigns begin with press releases to a variety of news organizations announcing important consignments and significant highlights, followed by full-page advertisements in publications such as *The Mineralogical Record* and *Rocks & Minerals*.

Updates and targeted releases are also regularly mailed and e-mailed directly to interested buyers. Heritage® Auctions boasts more than 3.1 million collectors on our mailing list, more than 1.5 million of which - in 195 countries worldwide – are bidder-members on our website at HA.com. All of this exposure means more money for each and every piece you consign!

MULTIPLE VENUES TO ACCOMMODATE YOUR ENTIRE COLLECTION

We realize that most collections include a variety of specimens, from the rare and valuable to the more common. For this reason, Heritage Auctions has established multiple selling venues, several with low lot minimums, so that we can likely handle the entirety of your consignment, rather than “cherry picking” the best material and leaving you with the rest, as many auction houses are renowned for doing.

Heritage’s Signature® auctions are for the most valuable specimens in your collection. These items are spotlighted in our full-color illustrated catalogs, which are sent to our best buyers. Signature® auctions consist of exciting live floor sessions where bidders from all over the world compete for your treasures in person, over the phone and through HERITAGE Live!®

Some of your lesser-valued pieces may be featured in an Internet session, in which bidders participate via mail, fax, Internet and HERITAGE Live!® By establishing different venues for different types of material, Heritage Auctions maximizes the price realized on every piece in your consignment.

PROFESSIONALISM

Heritage Auctions’ fine reputation is not a matter of chance. It reflects our relentless drive to always improve our services. Innovation is a Heritage trademark, seen in every element of our auction process from policy to technology. We combine this with a strong corporate ethic, uncompromising integrity, transparency and old-fashioned customer service. That’s why we are the largest auction house founded in America with more than \$10 billion sold since 1976. We’ve sold and fully settled more than 336,000 consignments, on-time and in-full.

INTERNET AND TECHNOLOGY LEADERSHIP

Heritage Auctions is second to none when it comes to cutting-edge technological innovation. Heritage is one of the first major auction houses to embrace the Internet. On an average day over the last year, more than 75,000 unique collectors visited our website- consistently the highest web traffic of any auction house. (Source: SimilarWeb.com).

Heritage maximizes the number of participants in our auctions through two proprietary user-friendly internet bidding systems. The first one enables the buyers to place bids in the weeks leading up to the auction. This generates millions of dollars in bids from around the globe, pushing prices higher and higher prior to the live auction sessions. With the second proprietary platform, HERITAGE Live!®, we bring the live auction floor to the buyer (no matter where they might be) enabling them to watch the auctioneer and participate in real time with the floor bidders. As the consignor, our technology brings you demand and participation from around the world and top prices for your materials!

The Heritage Auctions website offers an extensive set of tools for both buyers and sellers of Minerals, Fossils, Meteorites and other Nature & Science related items. The Auction Archives, a record of virtually every lot Heritage has auctioned over the last decade – more than 5.5 million lots across all our auction categories, complete with full-color, enlargeable images, thorough catalog descriptions and auction results – is one of the premier tools available exclusively to Heritage members. No other auction house offers this level of information to their clients. By accessing the archives, potential buyers can easily research pricing trends over several years, making them more confident bidders. More confident bidders equal higher prices.

In addition to the Auction Archives, Heritage also provides the ability for collectors to enter items they're looking for into MyWantList®. When an item you've consigned matches an item on a collector's MyWantList®, that collector is automatically sent an email notification inviting them to bid on your piece. If that collector is subsequently outbid on a lot, they are invited to bid again. In this way, Heritage maximizes the results for all of your consigned items.

Heritage Auctions utilizes today's social media platforms to further market your consignment. Our full-time social media specialists are dedicated to posting auction news and creating buzz about highlights on Heritage's Facebook, Twitter and Instagram accounts. Video highlights are also uploaded to YouTube, to be viewed and shared by dealers and collectors worldwide.

The newest development in Heritage's technology suite is our live bidding platform, HERITAGE Live!® By logging in at HA.com/Live, interested bidders can follow the auction as it happens, via streaming audio and video, and even place their bids in real time, from anywhere in the world, directly against bidders on the auction floor. With its easy-to-use, intuitive interface, HERITAGE Live!® brings the auction to the bidder, thereby increasing the bids and the final prices realized, on all your items. Best of all, there's no additional Buyer's Premium charged for using this exciting new service. HERITAGE Live!® really is the next best thing to being there!

DON'T TAKE OUR WORD FOR IT

The real measure of any business's success is what their customers say about them. Here are just a few comments from past Heritage clients:

"I spent 20 years gathering my collection and it was a great passion for me. The fact that [Heritage] gave it such respect, and honored it in its entirety, meant more to me than I can ever say."

— James Russo, New York, NY

"I was very pleased with the professionalism of your organization during my last two auction consignments. I look forward to our continued partnership."

— J.U., Holland, MI

"I wanted to do business with someone who was local but had the power of Sotheby's or Christie's. My experience with Heritage to-date has been fabulous, and I would strongly recommend them to anyone seriously thinking of consigning art."

— M. Hoyle, Ft. Worth, TX

FOR ALL THESE REASONS, HERITAGE IS YOUR VERY BEST CHOICE
